Pig and Olive

All our pizzas are made fresh to order and are approximately 12 inches, we make a Neopolitan style pizza which is a thin crust and carefully designed to take advantage of all the ingredients, we don't overload the pizza with cheese or toppings so as to make sure each mouthful is as tasty but different from the next.

They are made using a very slow rising sourdough to develop the flavour (so make sure you don't leave the crust!) which is much more digestible and so, coupled with our very thin base won't bloat you and is less likely to cause food intolerance.

Our delicious sourdough is made just for you, on a daily basis and contains no sugar, just flour, water and salt

They are cooked in a wood fired oven at very high temperatures somewhere between 400 and 480 degrees centigrade and are only in the oven for 60 to 90 seconds!

We also offer a gluten free base, we can't guarantee a flour-free environment but the base does not contain any gluten.
